

Monitoring, Collecting and Exposing Energy Usage of Large-Scale Distributed Infrastructures

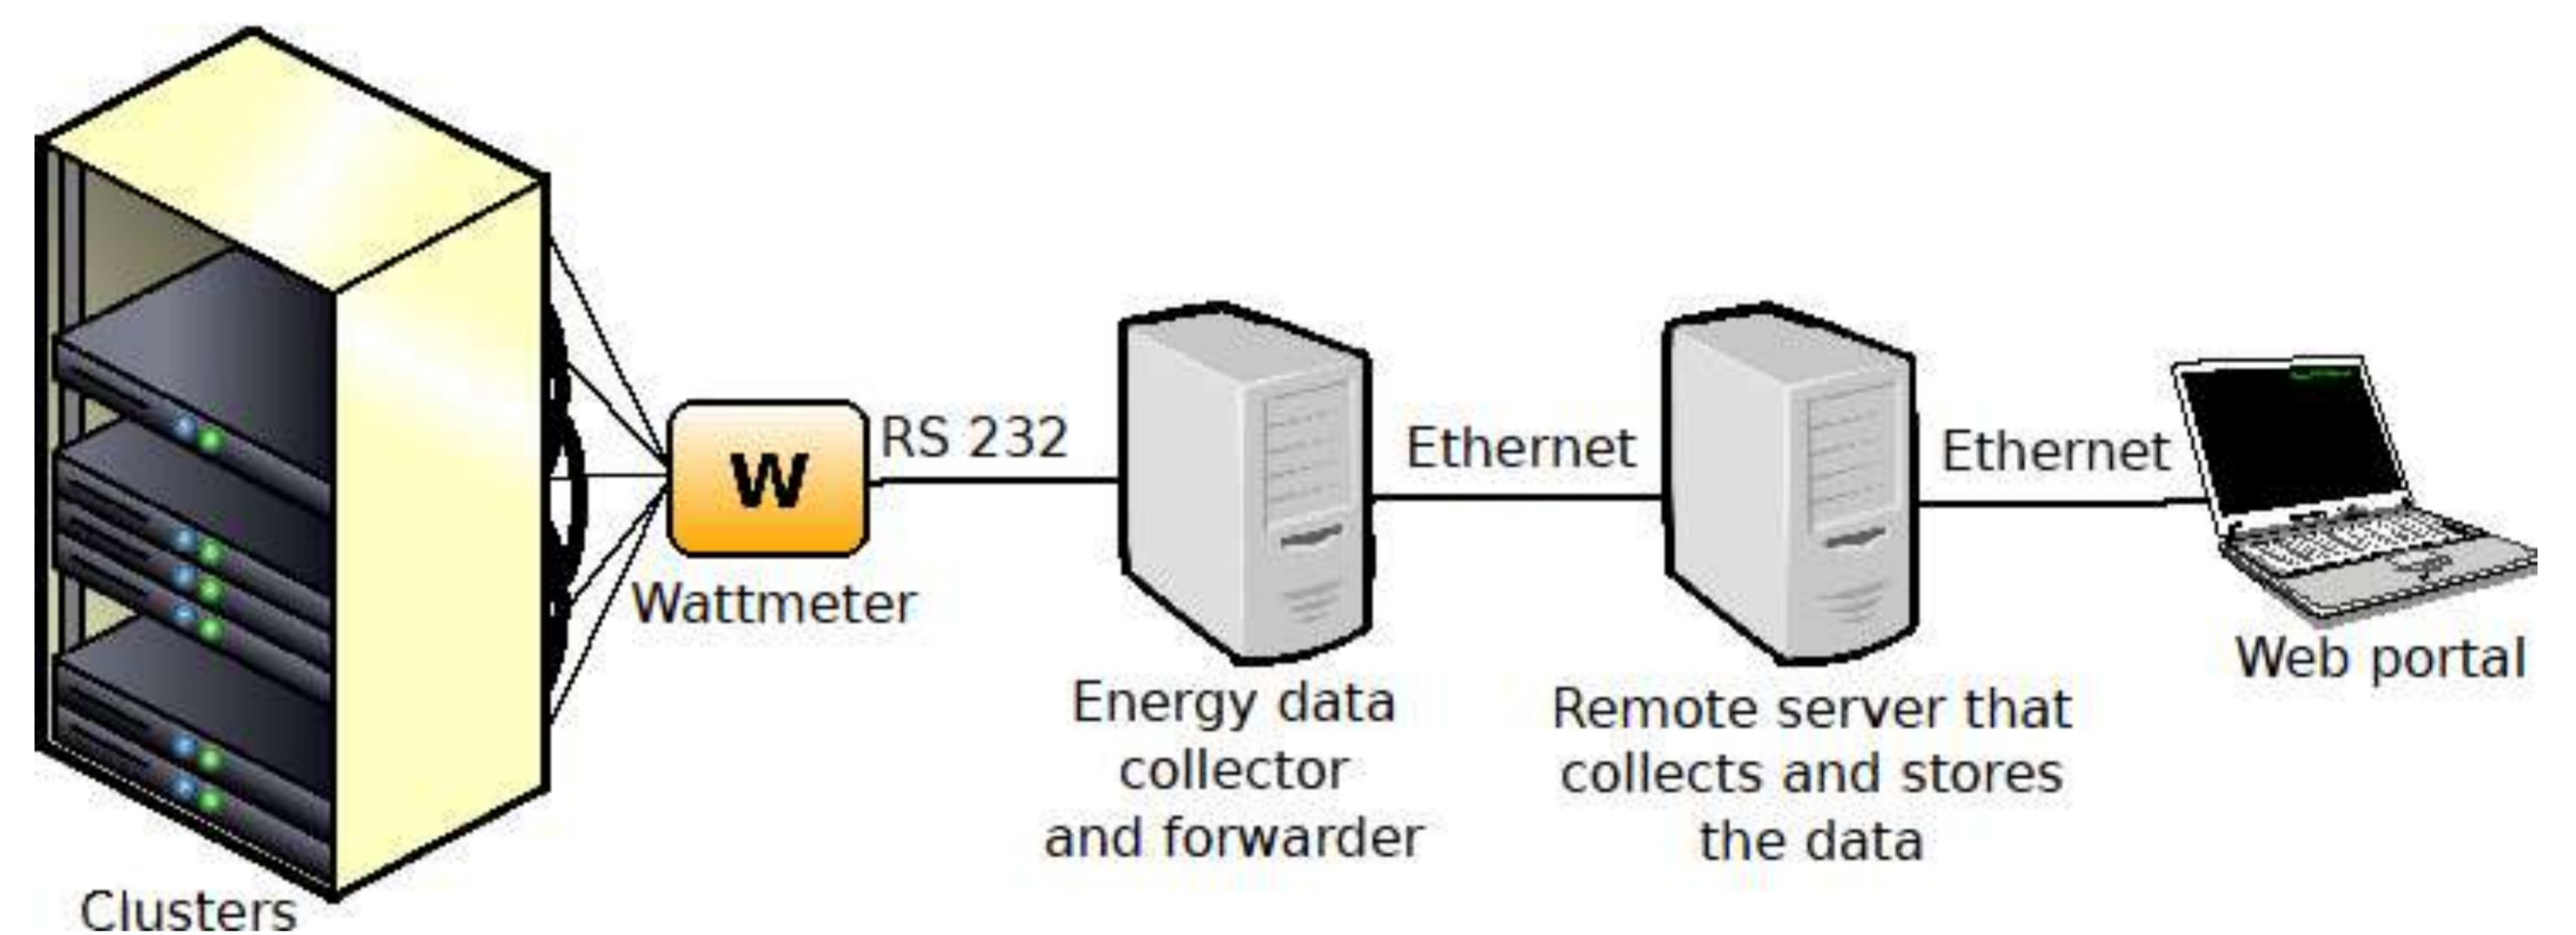

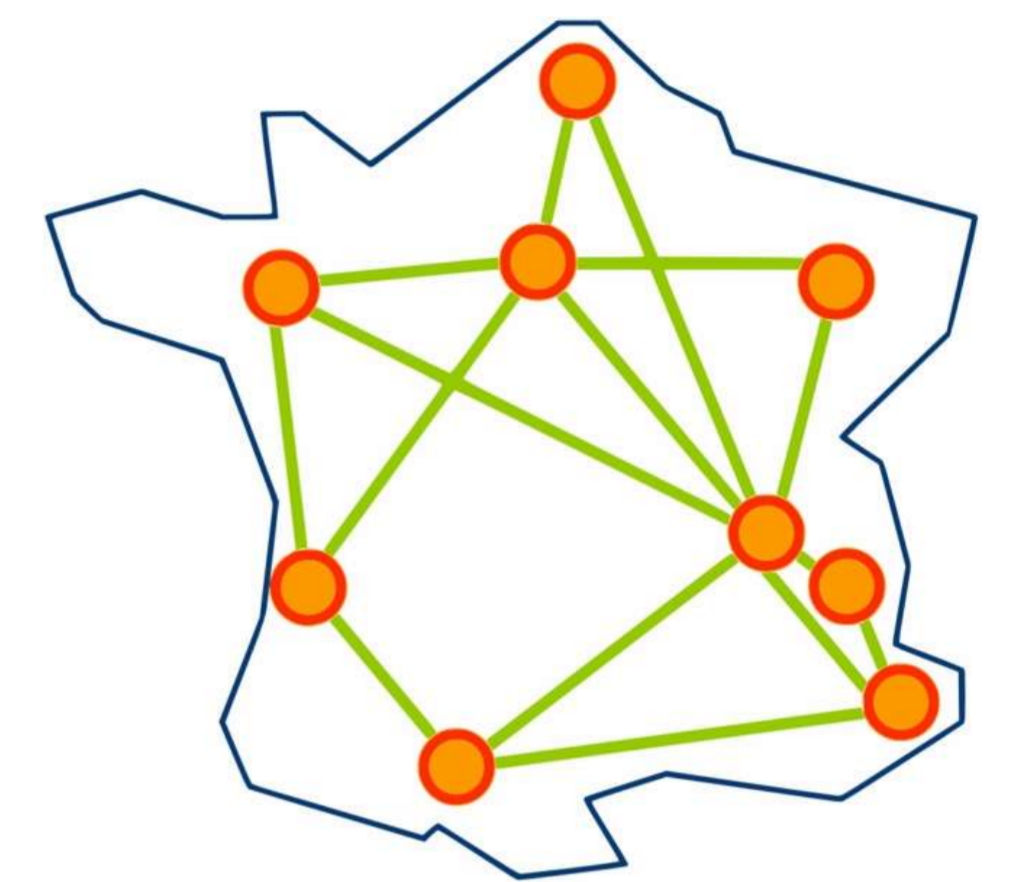

INRIA RESO – ENS LYON – Université de Lyon

Marcos Dias de Assunção, Laurent Lefèvre, Anne-Cécile Orgerie

assuncao@acm.org, laurent.lefevre@inria.fr, anne-cecile.orgerie@ens-lyon.fr

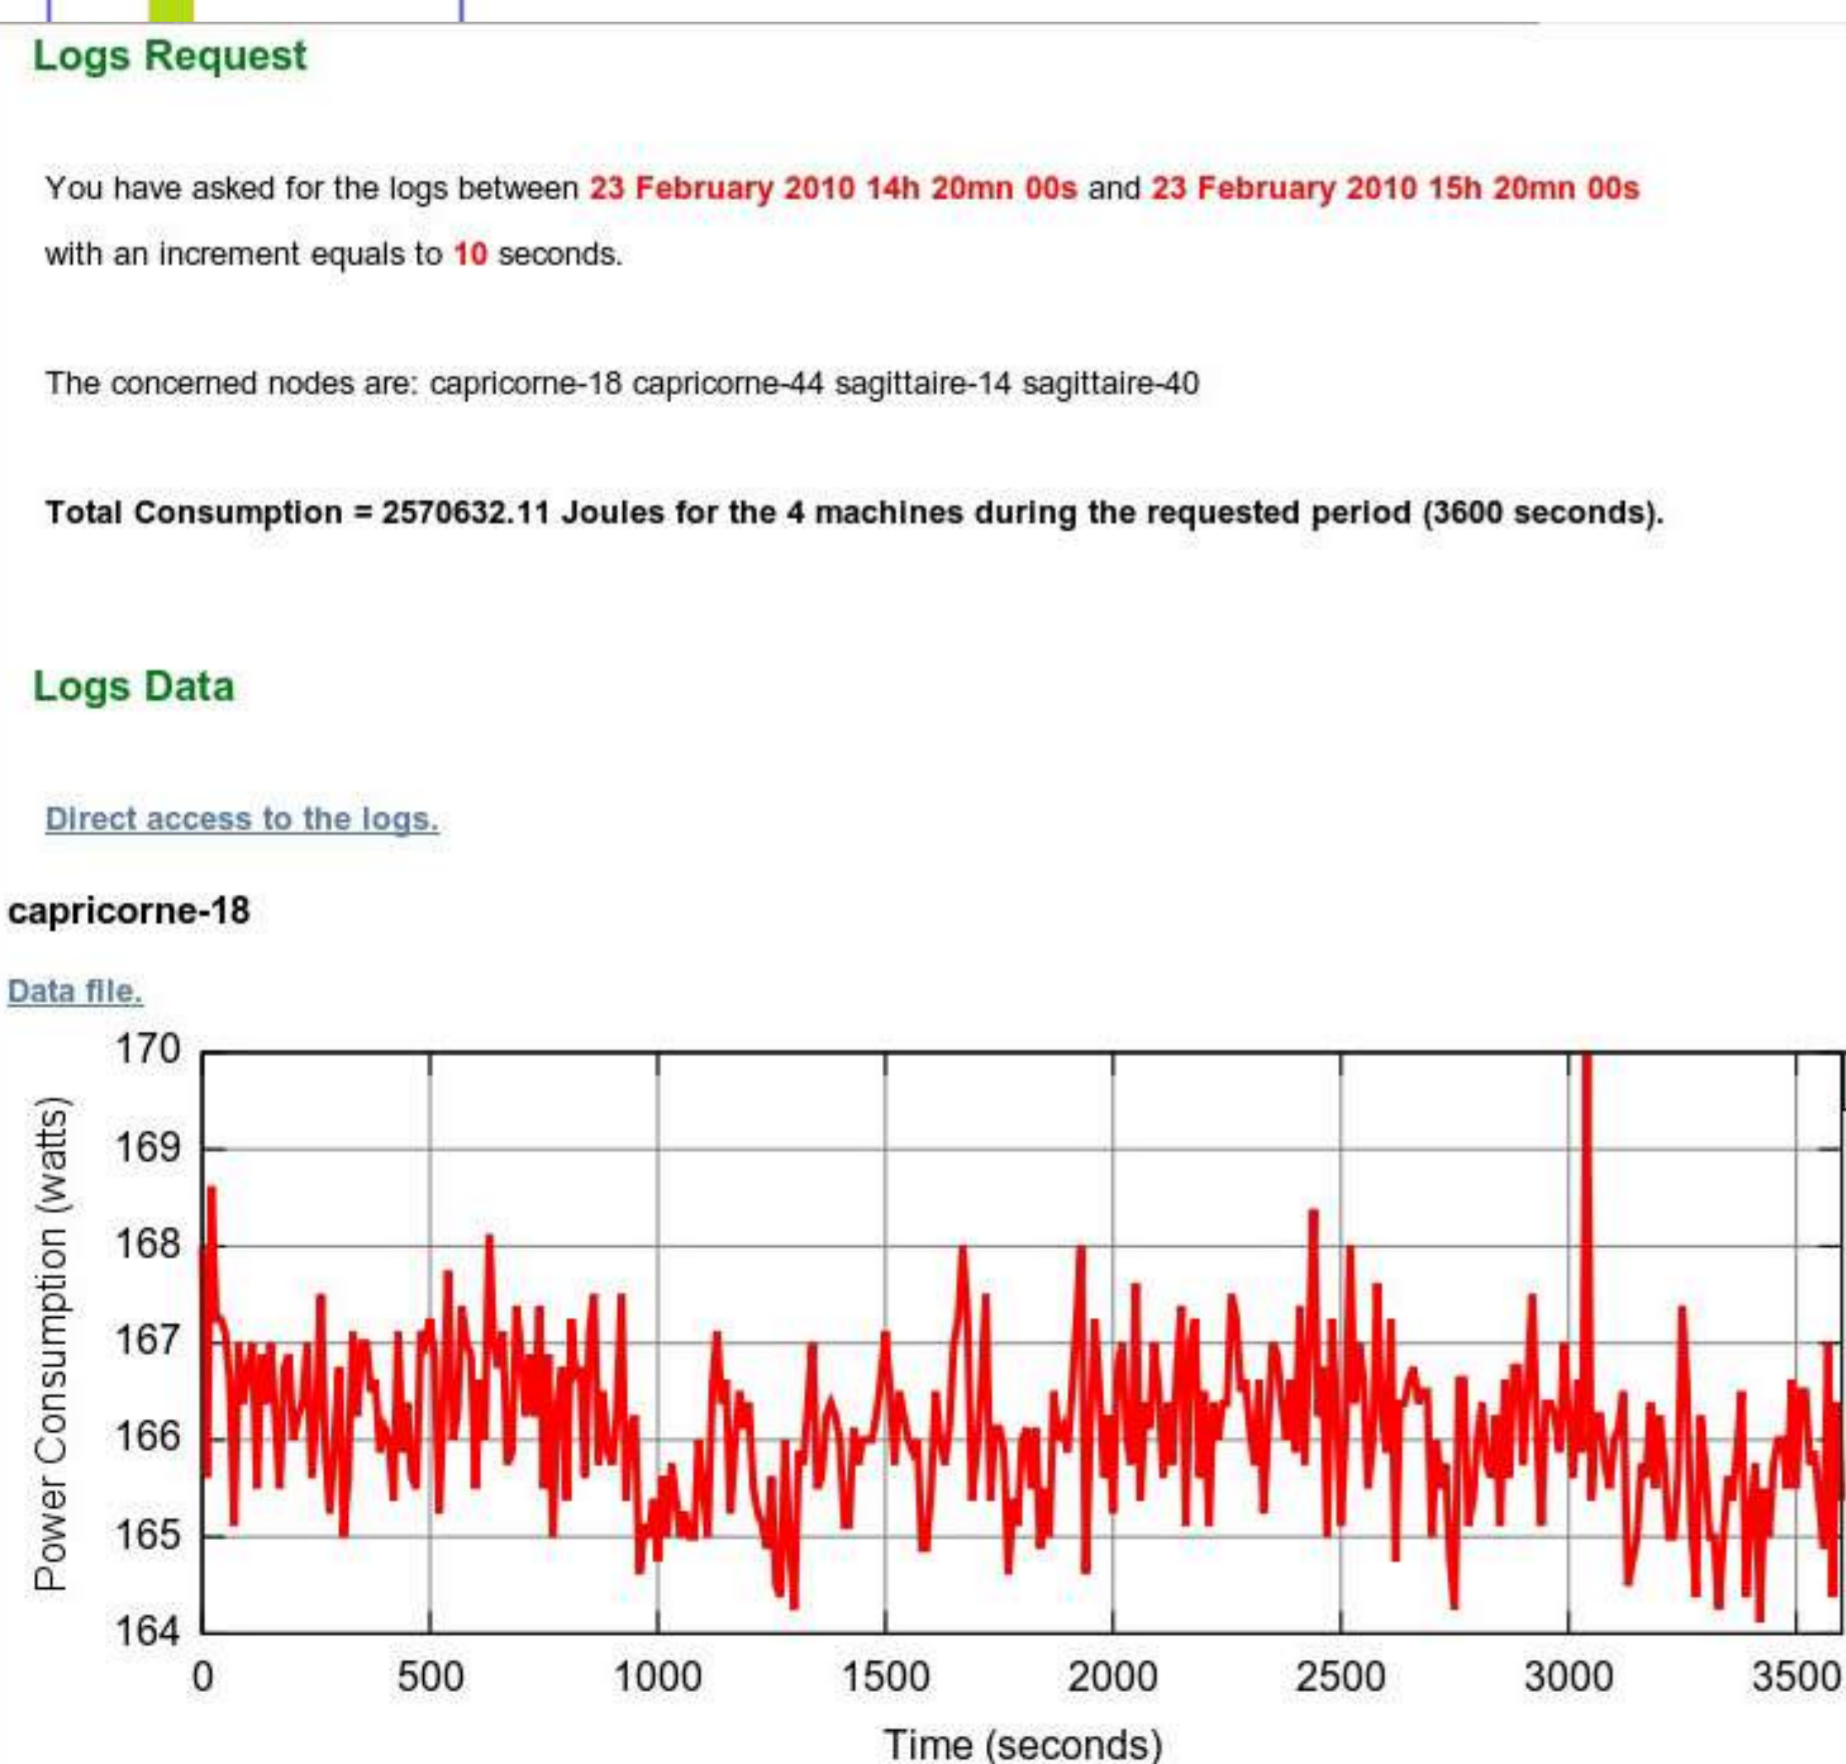

Deploying energy sensors in a distributed infrastructure:
-150 nodes fully monitored
- one measure per second and per node

Live monitoring

Logs on demand

Energy vs. Usage
